WORK EXPERIENCE

30 May 2020 – Current**Part-Time Barista, Heng Hui Super Asia Market, Athlone, Ireland**

I have learnt how to make different kind of beverages. I have gain experienced on how to work under pressure to ensure the drinks can be served as soon as possible. I have a good memory skill as I have memorized all the ingredients and measurements in different drinks by heart through experience.

17 June 2019 – 16 August 2019**Internship in Mobile App Development Team, Star Media Group, Malaysia**

I have learned to use Flutter and associated DART programming language to modify The Star mobile app. I learnt to use Xcode. I have done QA testing in Swift language with the actual The Star mobile app. I have participated in daily Scrum stand-up meeting with team members.

18 June 2018 – 23 August 2018**Internship in Web Development Team, FINEXUS Sdn Bhd, Malaysia**

I have learned to use Adobe XD to create the screen wireframes and prepare the User Requirement Specification documentation. I learnt React JS (JavaScript) in a month and coded a considerable number of React Components. I have been nominated to become a junior team leader to guide and follow up with their learning curve of programming which they need to gain.
